Legal Research Institute	Karen Anderson Jan Wolter
Mentoring	Charlotte Graesser Henderson

Comments from Corrine

Corrine Guthrie,
AzALL President 2002-03

I look forward to working with all of you this year in advancing the AZALL goals of providing for professional growth and development of our members. I hope to promote effective library service within the academic, private and public community, and to foster the spirit of cooperation among members of the library profession.

AZALL is blessed with an abundance of terrific members working in an array of excellent libraries and one of the best ways to share our knowledge and experience is to become actively involved in the law library chapter association. Perhaps members who are unable to attend the meetings regularly would be able share your knowledge in contributing ideas or support to a committee or program during the year.

I wish to thank those who have generously agreed to serve as committee chairs this term.

- Corinne

AzALL was granted AALL Chapter status in June 1983. To celebrate this, each meeting leading up to our 20th birthday will include a brief historical moment.

The newsletter editors would love to hear from you!

Think about writing an article to share with your colleagues. The possible topics are endless, but if you need some prompting:

- a short article on a conference program
- book recommendation or book review
- restaurant reviews around the valley
- what I did on my summer vacation!
- amusing reference questions, etc.

Deadline: October 2, 2002. Contact Kris Mengeling or Christine Moore.
