

## Professional Development Activity Registration Application

In its continuing effort to encourage professional education, The Grants Committee of LLAW is now accepting applications from members wishing to apply for financial assistance to attend a professional development activity. In selecting grant recipients, the Grants Committee will consider 1) lack of financial assistance from employer, 2) commitment to law librarianship as demonstrated by employment record and professional activities, 3) participation in LLAW and potential benefit to the chapter, 4) potential benefit to the applicant for enhancing skills and professional development, and 5) whether the applicant has been awarded a LLAW grant previously.

The award recipient shall share his/her experience with other LLAW members by writing a short summary of the programs attended for publication in the LLAW Newsletter.

If you are interested in applying, please complete the application below and return it to: Maureen Burns, Godfrey & Kahn, 780 North Water Street, Milwaukee, WI 53202.
