

Show Me the Future!

Mid-America Association of Law Libraries
October 25-27, 2001

Here are some websites for the most popular email programs.

MSN Hotmail: http://www.hotmail.com	Yahoo: http://mail.yahoo.com
Earthlink Web Mail: http://webmail.earthlink.net	AOL.com netmail http://www.aol.com
Alta Vista.com http://www.altavista.com/sites/search/tools	Juno http://webmail.juno.com

To use telnet for access to your school or email system, minimize this page and click on the black computer icon that says terminal. Press File, Open and type in the name of your system.
