

AALL Representative Annual Plan: Library of Congress Working Group
on the
Future of Bibliographic Control

Date: October 4, 2007

Name: Richard C. Amelung

Name of Organization: Library of Congress

Name of Primary Contact: Jose-Marie Griffiths, Chair
Dean and Professor, School of Information and Library
Science, University of North Carolina at Chapel Hill

Goals and Objectives for Year:

My appointment to this Working Group was made in August of 2006. As the tasks of the Working Group are to be completed before December 2007, my appointment was renewed for 2007/2008. During the remainder of my term as AALL's representative, I will be participating in writing the final report and its presentation to the administration and staff of the Library of Congress in November 2007.

Liaison Function with other Committees or Special Interest Sections:

During the course of my tenure on the Working Group, I have responded to several letters requesting information and expressing concerns on the part of the Association's membership. In addition, I spoke at AALL's annual meeting in New Orleans as the Technical Services SIS's "Hot Topic". This forum served to bring the membership up to date on the Working Group's direction and progress.

Resources:

This position is underwritten entirely by the Library of Congress. I do not anticipate any expenditures that the Association will need to finance.
