

In This Issue

p. **8** Tips for successful social media marketing

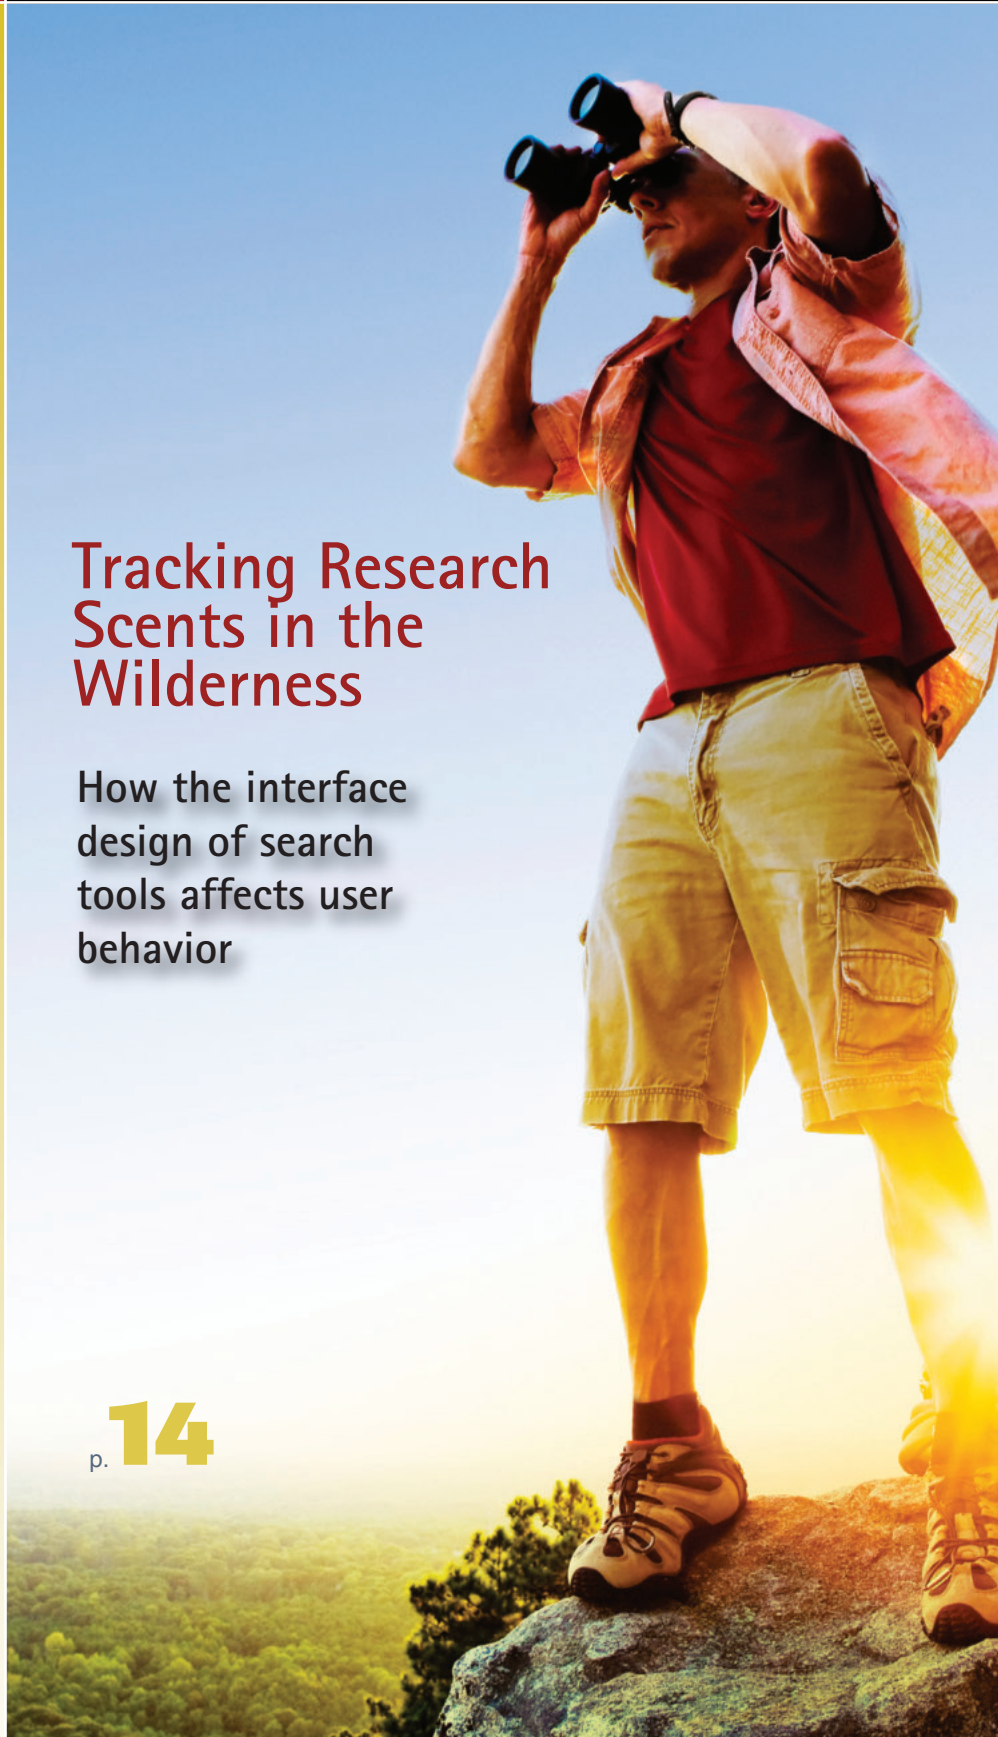

p. **18** Are statistics hurting your negotiations?

p. **28** Why your library needs an information literacy plan

Tracking Research Scents in the Wilderness

How the interface design of search tools affects user behavior

p. **14**

You're known by many titles ...

~~Librarian~~
~~Information~~
~~Professional~~

Exalted Knower of
All Things
Knowable

(Yeah, we kind of like that one too)

But none of them reflect the true value of what you mean to your organization.

It's our privilege to work closely with you. We've seen firsthand the incredible depth and breadth of what you do. In fact, you and your ideas have helped shape LexisNexis as much as anyone over the past 30 years.

For this, thank you. And as always, we are proud to be at your service.
