Tools for Success in Today's Economy

With today's weak economy, it's more important than ever for AALL members to take full advantage of the resources the Association offers—and one of the most valuable resources is our network of fellow law librarians. In times like these we can rely on each other for advice and support.

In response to the U.S. recession and its impact on law libraries, AALL has created a **wiki of resources to succeed in today's economy**: <http://aallnet.pbwiki.com>. On the wiki you will find:

- Tips for operating your law library with a tight budget
- Advice on negotiating contracts with vendors
- How to interview effectively for your next job
- And much more

Anyone can add material to the wiki, so we encourage you to **use the resources and share more resources** that will help our friends and colleagues in AALL.
