

Standards Committee

Maryruth Storer, Chair

The Standards Committee completed work on revising the Standards for Appellate Court Libraries & State Law Libraries. Last year's committee pulled together much of the document. As part of this year's work, the committee members (Martha Campbell, Jane Colwin, Mike Miller, Joe Stephens and myself) contacted the State Law Librarian (or comparable position) in every state, and we appreciate the comments we received from a number of individuals. We posted the completed document to the SCCLL list serv and submitted it to the SCCLL Chair. We recommend that SCCLL request the AALL Executive Board to adopt the Standards as an AALL Public Policy, as was previously done for the County Public Law Library Standards.
